

THE OFFICIAL

Lending a Helping Hand to Riders In Crisis

Crisis Fund

100% of all cash donations go directly to a rider in serious crisis. Recognizing that serious injuries can be traumatic enough without the additional burden of financial worries, The Motorcycle Angels formed a crisis fund, *The Official Motorcycle Angels Crisis Fund 501(c)3 foundation*.

The Official Motorcycle Angels lends a helping hand to motorcycle riders, athletes and riders with passion whom are highly dedicated to the sport or activity of motorcycling. The fund fills the void of financial hardship when the inevitable serious injury [brain, paralysis, death] interferes with the careers of those who have dedicated their lives to riding motorcycles. Assistance awards are based on the severity of injury, the number of dependents and the applicant's financial situation. The Fund also takes into consideration the individual's involvement in and/or contribution to the sport or passion of motorcycle riding.

"Help us lend a hand to riders in need & have dedicated their life for the "RIDE."
